RECORDLY

An actionable first 100 days data and AI roadmap, decided phase by phase

Assess your team, prioritise use cases, set governance and delivery milestones on your SAP S/4HANA, Snowflake + dbt and Databricks estate. Three phases, paid per accepted stage: at most €16,920 (excl. VAT). UPM standard terms, no deviations.

Proposal to UPM Enterprise Data & Analytics leadership · Recordly Oy · Helsinki

Proposed solution: from assessment to a roadmap your leadership can sign

PHASE	DAYS	WHAT YOU GET	ACCEPTED WHEN
1 • Assess	1–30	Capability assessment of the Enterprise Data & Analytics team across SAP, Snowflake + dbt, Databricks and the BI tool: skills, ownership, pipeline health	Leadership accepts the assessment report
2 • Prioritise	31–65	Strategic use cases scored on value, feasibility and risk, ranked on a one-page backlog	Leadership signs the top-5 list
3 • Govern and plan	66–100	Governance model, delivery milestones, owners, quarter-close calendar	Leadership accepts the roadmap

Out of scope: new platforms or licences, building pipelines or models, custom ABAP. Your existing stack only.

Governance: every prioritised AI use case carries the same four controls

CONTROL	WHAT IT MEANS IN THE ROADMAP
Confidence scoring	Every model recommendation shows a confidence score and top-3 ranked candidates. Threshold per use case, set with the business owner
Source lineage	Every output traces to its source tables: SAP S/4HANA, Snowflake models, dbt tests. Lineage shown next to the recommendation
Human sign-off criteria	A named person approves before any action. Criteria written per use case: what is auto-accepted, what is reviewed, what is rejected
Cautious rollout	Pilot, review, then scale. Nothing goes live during restructuring without leadership sign-off

ASSISTANTS	FRONTLINE MILL ASSISTANT	ENTERPRISE CHAT
Users	Operators and maintenance, grounded in mill procedures	Office staff, broad questions
Our view	**Rank first:** narrow, testable, grounded	Later, after access rules are agreed

Your history and our safeguards

YOUR CONCERN	OUR SAFEGUARD
A bespoke pipeline collapsed at a quarter close	**Quarter-close safe:** roadmap work is read-only on your systems. Milestones avoid the 5 working days around close, dates from your finance calendar
Accountability across the administrative matrix	**Tuomas Rantanen is your dedicated coordinator:** one accountable contact, a note to leadership after each phase
Calendar billing	**Payment per accepted stage only.** No timesheets, no hourly overage
One rigid lump sum	**Decide phase by phase.** Phase 2 and 3 are ordered separately
Mill staff time vs central liaison	**Mill staff: about 4 h per mill** (max 2 mills), one interview and one workshop, never in production-critical shifts. **Central liaison: about 0.5 day per week**
Proof from process manufacturing	Reference calls with process-manufacturing clients offered at shortlist, with their consent

> **Honest unknown:** the real condition of SAP-to-Snowflake data quality is unknown until the Phase 1 interviews and sampling. If it changes the priorities, the Phase 2 list changes. The fee does not.

Delivery plan and team qualifications

DAYS	MILESTONE	GATE
1–30	Interviews, stack and pipeline review. Handover notes from week 1	**Go/no-go:** you accept the assessment or stop
31–65	Use case scoring workshops, governance criteria drafted	**Go/no-go:** top-5 signed
66–100	Roadmap, owners, milestones, governance model	Leadership acceptance

ROLE	CERTIFICATIONS	TIME
Henna Kallio, data and AI advisor. fi, en	Databricks ML Professional · SnowPro Core · dbt Analytics Engineering	9 days, from 1 Dec 2026
Tuomas Rantanen, solution architect, **dedicated coordinator**. fi, en	Azure Solutions Architect Expert	9 days

Replacement of equal seniority within 10 working days. Recruitment after 12 months without a fee accepted.

Pricing framework

PHASE, PAID ON ACCEPTANCE	EFFORT	
1 · Assess	Henna 3 d × €960 + Tuomas 3 d × €920	€5,640
2 · Prioritise	Henna 3 d × €960 + Tuomas 3 d × €920	€5,640
3 · Govern and plan	Henna 3 d × €960 + Tuomas 3 d × €920	€5,640
Total if all three are ordered	18 person-days	**€16,920 excl. VAT**

- **No single indivisible sum:** you decide phase by phase and can stop after any phase
- Payment on acceptance of each stage, never by calendar. No hourly overage
- Standard purchase agreement **as is, no deviations**
- No new licences. Snowflake and Databricks consumption stays on your accounts
