RECORDLY

# Atria AI-valmiusarvio: AI readiness and roadmap, run in Finnish with your plants

Four weeks, Finnish workshops in Seinäjoki, written updates instead of meetings. Fixed €16,760 excl. VAT.

Proposal to Valtteri Koskela, Head of Data & Digital Development · Recordly Oy · Helsinki

# Solution: AI opportunities across your value chain

## APPROACH

- **Readiness assessment** of ERP, current data setup, public cloud and Power BI: data quality, governance, skills
- **Opportunity long-list** along the food value chain: production yield, quality, maintenance, demand and logistics
- **3-5 prioritised use cases** scored on value, data readiness, effort
- **Roadmap** in phases, with capabilities needed

## OUT OF SCOPE

- New platforms or licences
- Building AI solutions
- Changes to Power BI estate
- Anything beyond the tender

# Hidden requirements answered

| YOUR EXPERIENCE | OUR SAFEGUARD |
| --- | --- |
| Workshops in English stalled with plant managers | **All workshops, materials and the final roadmap in Finnish**, led by native Finnish speakers, on site in Seinäjoki |
| Growing remit, exhausted team | Roadmap sequenced so Atria's load drops: written update every Friday, **no recurring meetings**, about 2 hours a week from you |
| Plant automation data is a new domain | Honest unknown: access to automation data. Week 1 probe; **gate decides** which use cases proceed |

# Plan: four weeks

| WEEK | WORK | GATE |
|---|---|---|
| 1 | Interviews, data and ERP probe, plant automation data check | Go/no-go per data source |
| 2 | Finnish workshop at plant(s) in Seinäjoki, long-list scored | Shortlist agreed |
| 3 | Top use cases sized with Atria data; capability gaps | Numbers per use case |
| 4 | Roadmap and Finnish steering presentation | Acceptance |

Your analysts work with us from week 1. Everything is Atria's property.

# Team and references

| ROLE | EXPERIENCE, CERTIFICATIONS | LANGUAGES | AVAILABILITY |
|---|---|---|---|
| **Senior Data and AI Architect (lead)** | 14 yrs; Azure Solutions Architect Expert | Finnish native | from contract signature |
| **Senior AI/ML Engineer** | 9 yrs; Azure AI Engineer Associate | Finnish native | from contract signature |
| **Senior Data Engineer** | 8 yrs; Azure Data Engineer Associate | Finnish native | from contract signature |

**References (anonymised, contacts to shortlisted bidders):** Nordic process-industry group, AI and data roadmap, 2026 · Finnish retail group, data engineering, 2026.

# Commercial model

| ROLE | DAYS | DAY RATE | TOTAL |
|---|---|---|---|
| Senior Data and AI Architect | 10 | €920 | €9,200 |
| Senior AI/ML Engineer | 5 | €960 | €4,800 |
| Senior Data Engineer | 3 | €920 | €2,760 |
| **Fixed total, excl. VAT** | **18** | | **€16,760** |

- **Licences:** none. Uses your ERP, public cloud and Power BI.
- **Payment:** 50% at kickoff, 50% at acceptance, 30 days net. Travel to Seinäjoki included. Prices firm 9 months.
